3rd March, 2008

Dear Gordon,

I'm writing on behalf of the Rotary Club of Chipping Sodbury to express our enormous gratitude to you and all the members of the Bitton Road Runners for the very generous cheques that you handed over to John Ludlow and me last Thursday evening.

The cheque for £200 for BRACE will be passed onto them via last year's President, Dave Hancock whose chosen charity this was. £100 will be given to Horton Church, and £1,900 will go to Dr Colin Dayan at the BRI. Dr Dayan is a research clinician whose particular interest is diabetes and the money will go straight towards funding one of his diabetes research projects. This has the advantage that all the money is going directly where it is being used rather than some of it being swallowed up in administrative costs.

Our club is very conscious of the huge effort that the raising of sums of money like this involves and we are all immensely grateful for your support, as will be the recipients of your generosity.

Thank you again for your hospitality on Thursday evening. John and I enjoyed meeting your members and look forward to seeing you all again on the course in November.

With best wishes,

Yours sincerely,

Dr AH Sarafian

President
